

Information for event organisers

Bookings

In the first instance, send us an email at info@s2intelligence.com.au with a description of your event, the dates (even if only tentative), the audience you are targeting and the objectives you want to achieve. Bruce will then contact you to discuss topics and work out the best possible approach.

Once all the details are agreed, we will incorporate them into a short letter to confirm the engagement.

A/V Requirements

A lapel microphone, data projector and a glass of water! Add to these a whiteboard for onsite workshops. Bruce will bring his own laptop and slides backed up to a memory stick.

Travel

Bruce travels economy class (flexible ticketing) to destinations within Australia, and business class to overseas destinations. S2 Intelligence is pleased to organise travel, but just let us know if you prefer to do the bookings.

Other materials

The following items are available for download at www.s2intelligence.com.au for use in your invitations and promotional materials:

- Bruce's full bio
- High resolution photos
- The S2 intelligence logo
